

## Awards 2020

# "3D Storm NewTek Best Reseller Award"

3D Storm rewards its 20 best resellers among more than 200 international partners.

Every year, "3D Storm NewTek Best Reseller Awards" recognize the best resellers in the network, in Europe and Africa, according to the following criteria:

- Consulting
- Customer service
- Large and prestigious projects
- Turnover

The dynamic between 3D Storm and its international resellers network is the key to success. It enabled 3D Storm to achieve, in 2020, a 60% sales increase.

*"In a very demanding and competitive market, 3D Storm is one of the few high Value-Added distributors with a real human touch. Thanks to a strong collaboration with its channel partners and an offer adapted to needs, 3D Storm significantly develops its sales and its presence in Europe. In a context disrupted by the pandemic, these Awards are the perfect opportunity to thank our partners for their involvement and hard work!" - Franck H. Lafage, 3D Storm CEO*

With more than 10,000 NewTek video production systems sold across Europe and Africa, 3D Storm consolidates its position as the leading international NewTek distributor.

For the occasion, high quality resin plaques were produced and sent to all the laureates.
